Dear Dr Priyanka,

It gives me immense pleasure to thank you and appreciate Advocate (Mrs.) Rubina Akhtar Hasan Rizvi for organizing wonderful Event for students and faculties. We are very grateful for opportunity given to participate in the programme.

I hope that you all found a Health Talk given by our diverse and dynamic speaker's were more informative and worthwhile, since the primary goal of this event was to bring you information that has not been discussed in many events and forums, or other dedicated to Cancer Awareness Drive.

Also, I hope that everyone who attended this program had got the chance to discuss topic presented to this event

We wish you all the best and wish that Rizvi Education Society touches the new heights in future.

We will be glad to participate in such events in future too.

--

Thanks & Regards,

Dr.Mataprasad Gupta
